SUMMARY

Detail-focused analyst with 3 internships and 20+ projects in data management and reporting. Skilled in Advanced Excel, PowerPoint, SQL and Power BI; comfortable coordinating with clients and internal teams.

EXPERIENCE

Labmentix

Bangalore, India

Data Analyst (Internship)

Oct '25 – Apr '26

- Collected, cleaned and validated large business datasets in Excel, SQL and Power BI, checking accuracy throughout.
- Maintained 10+ recurring reporting trackers and dashboards, keeping records current for real-time reporting.
- Captured stakeholder requirements and converted them into structured documentation and dashboards.

Immverse AI

Nagpur, India

Data Analyst | Business Analyst (Internship)

Oct '24 – Apr '25

- Coordinated with stakeholders via Slack to capture requirements, follow up on updates and align timelines.
- Maintained structured reports to track performance metrics, validating data with SQL, Python and Excel and flagging inconsistencies for resolution.
- Suggested process and reporting improvements that the team adopted.

AnkHub Technology Services

Nagpur, India

Data Analyst | Business Analyst (Internship)

Sep '23 – May '24

- Coordinated with clients and stakeholders over calls and email, keeping follow-ups and communication on track.
- Used Trello to plan, assign and track work items across cross-functional teams, keeping tasks on schedule.
- Prepared and validated Excel datasets and ran regular quality checks to catch inconsistencies early.

PROJECTS

Retail Sales & Inventory Intelligence System | SQL, Excel, Power BI

[View Repo](#)

- Analyzed sales, inventory, customer and product data to surface revenue trends and stock-movement gaps.
- Built Power BI dashboards tracking sales growth and inventory turnover.

British Airways CSAT Dashboard | Power BI, Customer Experience Analytics

[View Repo](#)

- Analyzed customer reviews to find satisfaction trends across countries, traveler types and service categories.
- Built a stakeholder-focused Power BI dashboard tracking CSAT KPIs and recommendation rate.

Video Game Sales & Engagement Analysis | SQL, Python, Power BI

[View Repo](#)

- Cleaned and analyzed sales and engagement data using Python and SQL.
- Built Power BI dashboards comparing performance by genre, platform, publisher and region.
